26 Ha FARM FOR SALE - KARINO

A 26Ha farm only 17km from Nelspruit, offers a well maintained 3 Bedroom house with a pool, double garage and 2 bedroom flat. Water is supplied by a good borehole. The property does have water rights from the river, and a lot of water can be used and stored during the rainy seasons, however, the river is not perennial.

The farm is currently operating as a goatmilk/cheese enterprise and as such offers a number of camps and covered pens for either goats, sheep or chickens. The goats, equipment and accessories are excluded from this sale price but an interested buyer can negotiate to have some or all included.
